INTERNATIONAL CONFERENCE ON LIVING DONATION HIGH QUALITY PRACTICES

*“Exchanging knowledge to improve the
quality and safety of Living Donation”*

NOVEMBER 6-7th 2014
BARCELONA SPAIN

LID+OBS CONFERENCE
HAS RECEIVED
FUNDING FROM THE
EUROPEAN UNION

European Union

OBJECTIVES

Consensus and recommendation in Living Donation to guarantee the quality and safety.

TARGET AUDIENCE

- Healthcare experts on Living Donation
- Healthcare young professionals interested on Living Donation
- Managers of transplant centres applying Living Donation programs
- International organizations on transplantation
- Health official's policy-makers
- Donors, recipients associations
- Bioethical and legal professionals

The conference will facilitate the foundation of LIDOBS, a community of experts in Living Donation, with the aim to increase and spread the knowledge on Living Donation practices.

PROGRAMME

The LIDOBS Conference programme is structured around six strands:

- 1:** Ethical and legal aspects of living donation
- 2:** Living Donors protection
- 3:** Kidney Living Donors follow-up
- 4:** Liver Living Donors follow-up
- 5:** Living Donors registry
- 6:** Quality indicators and certification

Outstanding experts are invited as keynote speakers for sharing their experiences, the latest evidence-based outcome of Living Donation, special remarks and recommendations.

- State of the art on Living Donation in Europe and in USA
- EU Research Projects on Living Donation
- Emerging issues on Living Donation procedures
- First-person experiences of Living Donation
